Professional Summary

Expert Power BI Developer with 3+ years of experience in business intelligence and advanced data analytics. Specialized in developing complex Power BI solutions including custom visuals, DAX modeling, and M-Query development. Proven track record in implementing enterprise-level dashboards and reports with robust KPI tracking mechanisms. Expertise in Power BI Service administration, Gateway configuration, and workspace management for large-scale deployments.

Power BI Technical Expertise

Development

- Advanced DAX Functions
- Custom M-Query Development
- Power BI Service Administration
- Row-Level Security (RLS)
- Custom Visual Development

Data Modeling

- Star Schema Design
- Complex Relationships
- Performance Optimization
- Calculated Tables
- DirectQuery & Composite

Professional Experience

Senior Power BI Developer *Dec 2023 – Present*
Maintenance Intelligent Grid Project
- Developed enterprise-level Power BI solutions with advanced DAX calculations
- Implemented row-level security and workspace management policies
- Created optimized data models reducing report refresh time by 50%
- Designed real-time dashboards with streaming analytics capabilities

Power BI Specialist *Mar 2023 – Nov 2023*
Payment Analytics Project
- Built complex DAX measures for financial reporting and forecasting
- Implemented Power BI premium features including paginated reports
- Developed custom M-queries for advanced data transformations
- Created Power BI apps with scheduled refresh and distribution

Advanced Power BI Skills

- **Development:** Advanced DAX, M-Query, Power Query, Custom Visuals
- **Data Modeling:** Star Schema, Performance Optimization, Relationships
- **Administration:** Workspace Management, Security, Deployment Pipelines
- **Integration:** Gateway Configuration, Azure Services, REST API

Professional Certifications

- Microsoft Certified: Power BI Data Analyst Associate (PL-300)
- Microsoft Certified: Azure Data Engineer Associate (DP-203)
- Microsoft 365 Certified: Enterprise Administrator Expert (MS-100)
- Power Platform Developer Associate (PL-400)

Education

BE (Electronics System) — SGBA University   2018 - 2022
Achievements: Performance Star Award, E2E Delivery Excellence Recognition
